The modern light elements of the TWISTER ceiling light provide decorative and atmospheric lighting. Due to the movable elements of the luminaire, a flexible and original positioning of these is possible. The remote control included in the scope of delivery dims the light and adjusts the light colour of the luminaire continuously. The straight-lined design in matt brass and matt black offers numerous combination possibilities in your interiors. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
