The CONTROL LED table lamp is a real decorative highlight. Its cool design, inspired by a controller, makes it ideal not only for the living area, but also for the children's room or gaming room, where it spreads good humour as a decorative eye-catcher. The light has an on/off switch and is operated via a USB connection cable. Alternatively, the light is also suitable for battery operation. Thanks to its white and blue plastic design, the light is optimally reflected and the luminaire blends easily into any interior style. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
