Feel the light of gaming! The set of 2 BOY table lamps offers a variety of practical functions that take the gaming experience to a whole new level and allow players to immerse themselves more deeply in the fictional world. The Dynamic Light function creates a fascinating atmosphere with pre-programmed, dynamic lighting scenarios that add fascinating lighting effects to the multi-coloured or monochrome mood lighting. The luminaire is also equipped with the Sound Control function. Using a built-in microphone, the RGB LEDs react to ambient noise in real time and transform music, films and gaming into captivating, rhythmically adapted light effects. The remote control included in the scope of delivery allows you to adjust the brightness and RGB colour changer to your own preferences. Whether placed next to the TV or gaming PC, the BOY enhances your gaming or film experience in an incomparable way. When switched off, the table lamp presents itself with simple elegance and can be combined in a variety of ways with its black design. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
