

Whether industrial style, Scandinavian style or a classic designed bathroom - the toilet roll holder made of steel with a powder-coated matt black finish makes an individual statement. Bathroom accessories where contemporary design meets convenient and clean mounting technology. The self adhesive roll holder sticks securely to the wall without drilling using the tesa® adhesive solution. Practical and stylish solution to keep your toilet paper. Without any prior technical knowledge, without craftsmen skills and without the usual mess - but with a great sense of distinction.

Features

- Easy and clean installation without drilling thanks to the convenient all-in-one adhesive solution with tesa® Power.Kit technology
- Industrial style design trend: The perfect accessory for bathrooms with an industrial style design
- The ideal accessory for color concepts in black and white - can be combined in one color or as a contrast
- An eye-catcher for modern bathroom ambience and for classic design concepts
- Can be appreciated in many different ways: Industrial style, vintage look, retro look, modern and also great for bathrooms with loft character
- Our tip: An attractive must have for bathrooms in Scandinavian design
- For unconventional combinations: Straightforward in design as well as a great accent for classic or romantic style inspired bathrooms
- tesa® MOON BLACK toilet roll holder without lid, matt black powder coated metal
- Harmoniously rounded, organic design, round wall plate
- Adheres to glazed tiles, metal, natural stone, marble, concrete, glass, wood and many plastics
- The adhesive included in the scope of delivery must cure for 12 hours
- Easy to install, leaves no drill holes, can be removed without damaging the surface - therefore also a good solution for rented flats
- Reusable after removal with a new mounting adapter BK20 - the matching adapter is also available separately
- Not suitable for plaster, wallpaper, wall textiles and plastics such as PP, PE and PTFE.
- Dimensions: 99mm x 140mm x 53mm

Technical Data

Application

Mounting

1. Clean the surface
2. Peel off the protective film of the adapter
3. Attach the adapter to the wall
4. Fill in the glue with the glue applicator
5. Allow to cure for 12 hours
6. Mount the accessory on the adapter with the help of an Allen key

Disassembly

1. Disassemble the accessory from the adapter
2. Turn off the adapter with a pipe wrench
3. If necessary, remove adhesive residues with a glass scraper
