# WARNING

(Note: Compatibility cannot be guaranteed with other brand trampolines)

*It is the responsibility of the owner to become familiar with the safety rules and to convey these rules to all users.*

- Read and follow all of the warnings and use instructions for your trampoline and safety enclosure.
- Read and follow all rules specified on the warning labels that came with your trampoline, safety enclosure, and basketball set. If labels or signs become lost or unreadable, please contact us immediately for replacements.
- The Basketball Set should be used only as described in this manual. The basketball set must only be mounted to a compatible safety enclosure system. It should never be mounted on any other device, structure, or in any manner not described in this manual. Do not attach anything to the basketball set or safety enclosure that is not a manufacturer- approved accessory or part of the enclosure system.
- DO NOT allow more than one person on the trampoline. DO NOT allow more than one person inside the trampoline enclosure. Use by more than one person at the same time can result in serious injury. This includes "one-on-one" type games and any other games or activities where more than one person is on the trampoline at the same time.
- Do not hang from, kick or climb on any part of the basketball set or safety enclosure.
- Remove all jewellery, watches, and hair clips before using the basketball set.
- Wear clothing free of drawstrings, hooks, loops, or anything that could get caught in the basketball set or safety enclosure.
- Do not use the trampoline or basketball set while under the influence of alcohol or drugs.
- Do not install the basketball set on a pole that is near or over a missing or damaged frame pad.. When not in use, store the basketball provided with your set in a dry location.
- Use the trampoline and basketball set only with mature, knowledgeable supervision.
- Do NOT hang on the hoop. While the Basketball Set is designed to withstand rigorous use, the hoop is not designed to be hang on. Hanging on the hoop can damage the enclosure pole and trampoline to which the basketball set is installed. Damage resulting from hanging on the hoop is NOT covered by warranty

**Overhead Clearance** Adequate overhead clearance is essential. A minimum of 24 feet from ground level is recommended. Provide clearance for wires, tree limbs, and other possible hazards.

**Lateral Clearance** Lateral clearance is essential, Place the basketball set away from walls, structures, fences, and other play areas. Maintain a clear space on all sides of the trampoline and trampoline enclosure.

**Level Surface** Place the trampoline and trampoline enclosure on a level surface before installing and using the basketball set.

**Lighting** Use the basketball set in a well-lighted area. Artificial illumination may be required for indoor or shady areas.

**Security** Secure the trampoline and trampoline enclosure against unauthorized and unsupervised use.

**Underneath Clearance** Remove any obstructions from beneath the trampoline and trampoline enclosure.

**Note:** The trampoline enclosure is only to be used as an enclosure for a trampoline and the trampoline must be of the appropriate size as covered by the specific enclosure.

**Note:** The owner and supervisors of the trampoline are responsible to make all users aware of practices specified in the Use instructions. Do not install the basketball set on a pole that is near or over a missing or damaged frame pad.

# Assembly and Installation Instructions

## Tools

Installation of the Basketball Set requires a 10mm spanner, a 13mm spanner, scissors and a second person to assist. An 8 foot A-Frame ladder will be useful for some Steps (use care and follow procedures for use). Safety glasses and gloves are also recommended for safety

## Parts List

Your Basketball Set is shipped with the parts shown below Fig (1)&(2). If any parts are missing, immediately email us. Some parts may have already been pre-assembled

**Note:** Due to updates and improvements being made to this item, specifications are subject to change from what is stated in this manual i.e. Bolt sizing, tools required etc

Fig 1

Fig 2

# Installation

**Note:** Check parts list (Some components may have been pre-assembled)

**step 1.** Attach Hoop bolts and Bracket as shown using the supplied screws and bolts. Note Ensure the bracket is fitted the correct way up (Largest section down) to allow the hoop to swing upwards against the backboard as in Fig (4).

Next tighten the screws as shown in Fig (5)& (6)

**Fig 3**

**Fig 4**

**Fig 5**

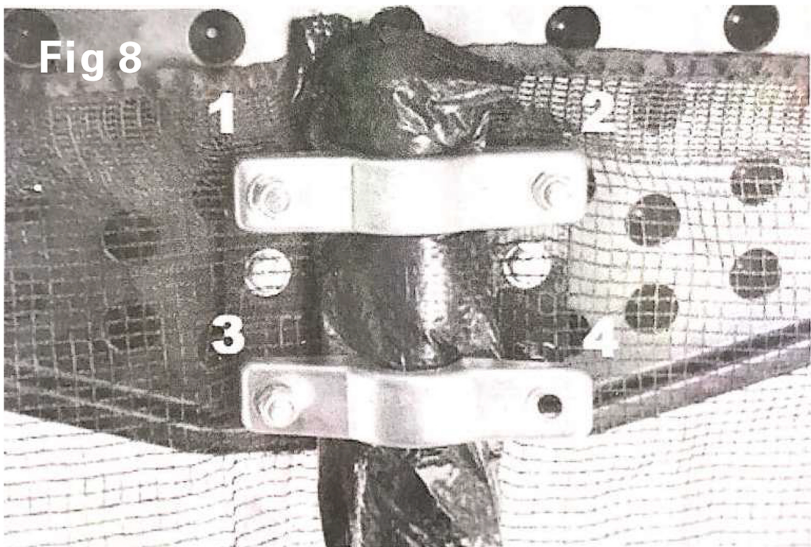

**Fig 6**

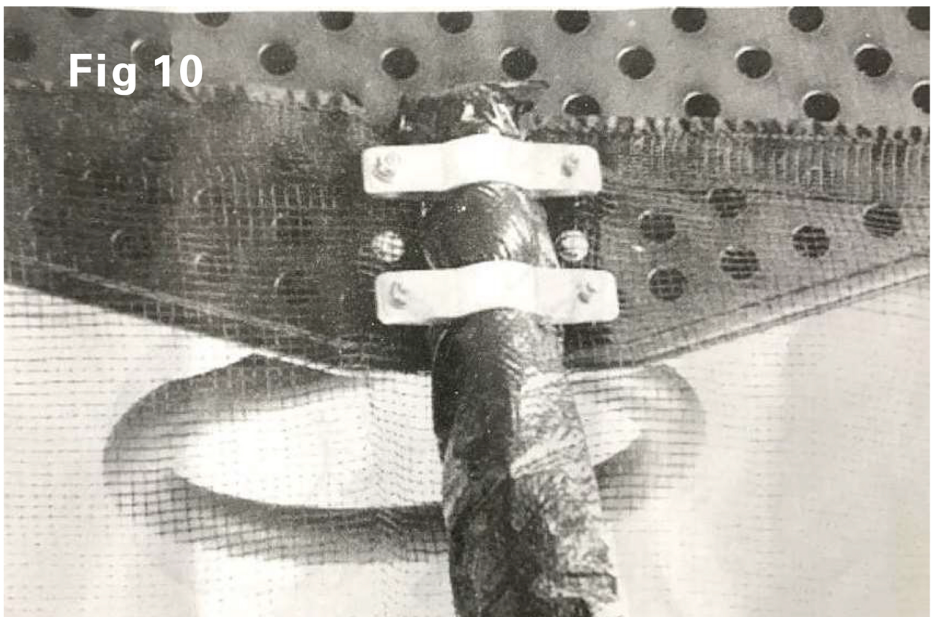

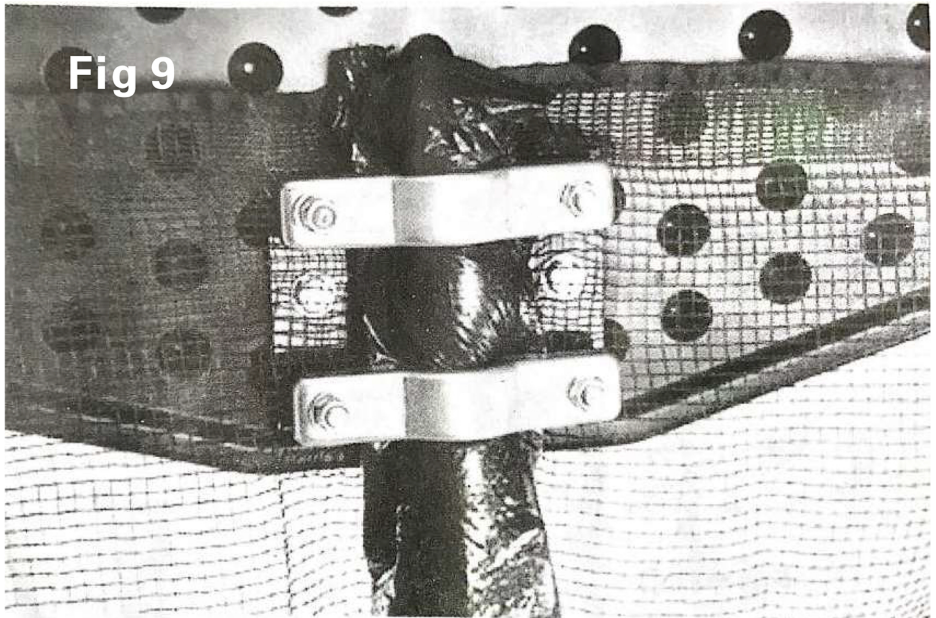

**Step 2.** Position the assembled backboard on the inside of the safety net at the pole furthest away from the entrance, e.g the opposite side to the entrance. With assistance of a second person, hold the bottom of the backboard at the top of the safety net pole as shown in Fig (7). The fixing bracket should be around 5cm from the top of the safety net. Locate the four (4) screw holes and using a pair of scissors, carefully snip one strand at each screw location to allow easy fitment. Refer Fig (7)

**Step 3.** Fix the screws in the order shown in Fig (8). The padding will compress as you tighten the screws. Adequately fasten until the backboard is firmly positioned.

**Step 4.** Double check all screws and fittings have been tightened. Refer to Fig(9)& (10)

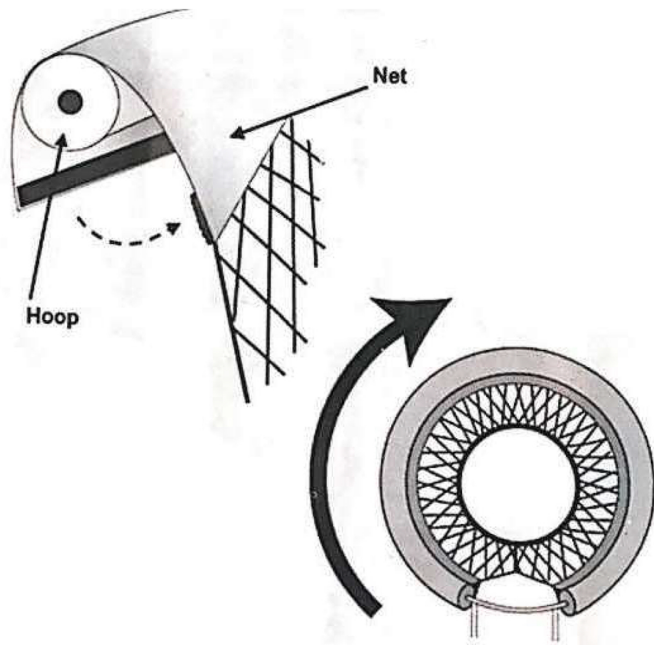

Step 5. Finally, attach the velcro netting as shown in Fig (11)& (12)

**Fig 11**

**Fig 12**

**YOUR Basketball set is now fully assembled and ready for use! please remember, do NOT hang from the basketball set.**
