The RICARDO mobile LED rechargeable lamp combines design and functionality and is the ideal companion wherever light is needed. The downward and upward directed, glare-free light bathes any environment in a soft, atmospheric ambience. The integrated touch function can be used to adjust the light intensity in three brightness levels to suit the situation. Thanks to its IP54 protection rating, it is also suitable for outdoor use. Its minimalist mushroom design and modern pistachio green colour make the table lamp an eye-catching decorative element. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. With LED light sources, you also benefit from a long service life and low heat generation while protecting the environment.
