The portable FUNGO table lamp is one of the timeless favourites in the world of rechargeable lights. With its innovative features such as light colour adjustment, dimmability via a touch function and separate charging station, it will delight almost anyone looking for a flexible light source. With a maximum battery charging time of 3 hours, the cordless LED light promises up to 5 hours of lighting pleasure indoors or outdoors. Its distinctive mushroom design and contemporary anthracite colour make the table lamp an eye-catching decorative element. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. With LED light sources, you also benefit from a long service life and low heat generation while protecting the environment.
