Clever, cordless and extremely practical. The MAXIMA rechargeable luminaire is a true functional marvel. Simply combine the magnetic lamp head with the stand, wall mounting or clamping device as required. This means it can be used easily and at any time wherever light is needed without having to rely on a power connection. You can also switch the light on and off via an integrated touch dimmer and adjust the brightness in three levels. The MAXIMA can be charged quickly and easily using the USB-C charging cable supplied. The modern design in white makes the light timeless and its versatility means it can be used anywhere in the home. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. With LED light sources, you also benefit from a long service life and low heat generation while protecting the environment.
