The secret of TRIO recessed luminaires is: timeless.flexible.design-orientated. With the right recessed lights, stylish accents can be set and an atmospheric ambience created. The recessed spotlights in the RILA range can be swivelled, provide optimum ambient lighting and ensure pleasant warm white illumination. The recessed luminaire has a round design and fits easily into modern furnishing styles. The shallow installation depth of 50mm means it can be used in almost any installation situation and will make your living space shine in new splendour. The RILA recessed spotlights have a diameter of 82mm and require a ceiling cut-out of at least 68mm. The recessed lights are also easy and safe to install without a transformer. The white colour scheme leaves many combination options open and remains timeless and modern. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
