

Wall lamp

ARDAS – 212560232

excl. 2x GU10 · max. 10W

- **Up and Down lighting**
- **IP44**
- **Lamp(s) not included**

The up and down lighting of the ARDAS wall luminaire sets targeted decorative accents on your house façade and bathes your garden, terrace or entrance area in a harmonious ambience. The light source not only provides atmospheric light diffusion, but also safety as darkness begins to fall around your house. Thanks to the IP44 protection rating and the robust body made of die-cast aluminium, the outdoor luminaire defies all weather conditions. The hourglass design and stylish colour scheme in matt black will enhance your outdoor area with contemporary style. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment. ☒ ☒
