- **Switch**
- **Wallmounting**
- **IP44**
- **Lamp(s) not included**

With the KULA wall light, the bathroom is more than just a room for showering and brushing your teeth. The classic design of the light with its large, spherical glass creates a feel-good atmosphere where all the signs point to wellness in your own home. Thanks to the IP44 classification, the light is protected against splashing water and can be used in a variety of ways in the bathroom and other damp rooms. Turn your bathroom into an oasis of calm where you can enjoy your bubble bath or beauty programme in a pleasant lighting atmosphere. Thanks to its design in matt black metal and white glass, the KULA luminaire can be perceived as a design element in its own right. The use of LED light sources is recommended for energy-saving lighting. These are an ideal alternative to conventional halogen light sources and offer high light quality and energy savings of up to 80%. With LED light sources, you also benefit from a long service life and low heat generation while protecting the environment.

Material construction

Metal · Black mat
Glass · White
