

Table lamp

## LENNON – R52176101

incl. 1x SMD LED, 2W · 1x 180lm, 3000K

- 4 level Touch function
- Rechargeable battery operated
- IP44
- Recharging USB-C connection

The puristically designed LENNON table lamp is ideally suited for both indoor and outdoor use. Thanks to being battery operated, the small light can be flexibly taken to any garden party. The mobile light can be easily charged via a USB-C connection. In addition, the table lamp has a 4-fold touch, so that the light intensity and thus the mood of the ambience can be determined individually. Due to the IP44 classification, the luminaire is protected against splashing water and therefore also suitable for outdoor use. Through its simple and reduced design in mushroom shape, the white table lamp becomes an unobtrusive decorative element that is particularly adaptable. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.

### Material construction

Plastic · White

### Product dimensions

Height: 21cm  
Diameter: 13cm  
Weight: 0,4kg

### Technical data

Light source: SMD – LED (integrated)  
Watt: 2W  
Lumen: 1x 180lm  
Kelvin: 3000K  
Color rendering (CRI): > 80 CRI  
Lifetime: 35000H  
Switching cycles: 15000x ON/OFF  
  
operating voltage: 230V ~ 50Hz  
Protection grade: 3  
IP classification: IP44
