

Floor lamp

MARLEY – 412400132

excl. 1x GU10 · max. 5W

- **Switch**
- **IP20**
- **Lamp(s) not included**

The minimalist furnishing trend is becoming increasingly popular and creates a calming and harmonious environment. Thanks to the clean lines and minimalist design of the MARLEY floor lamp, the light takes centre stage and provides atmospheric lighting accents. The luminaire head is movable and can be freely orientated upwards and downwards. Whether as a reading light next to the sofa or as a discreet light source in the hallway, the floor lamp sets the scene for special places. The matt black colour scheme creates stylish contrasts in simple living spaces. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.

Material construction

Metal · Black mat
