DRACO impresses with its understated, round design that blends effortlessly into a wide variety of living and working areas. The ceiling light creates uniform, pleasant lighting without being obtrusive. Equipped with a practical switch dimmer, the brightness can be easily adjusted using a wall switch. The memory function remembers the last setting selected so that you always get exactly the light you want. Installation is particularly quick and easy thanks to the option of wall and ceiling mounting and Easy-to-Fix technology. The integrated DIP switch offers additional flexibility when setting the light colour. The combination of matt white plastic and white acrylic ensures a modern, discreet look and pleasant light diffusion. High-quality materials ensure durability and an elegant appearance that blends unobtrusively into any interior. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
