The unusual light from the ISABEL series impresses with its curved design, which conjures up a special lighting experience in your living space. The foot switch makes it easy to switch the light on and off and dim it. The integrated memory function perfectly rounds off the light with all its functions. The floor lamp not only provides bright room illumination next to the sofa or in the hallway, but also becomes an interesting decorative element in your interior. The modern mix of chrome-coloured metal and transparent acrylic creates exciting contrasts. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
