Cosy dining area lighting and a visual highlight. The SMASH pendant light skilfully sets the scene in your living and dining area without compromising on functionality. The light can be dimmed to three brightness levels and the light colour can be gradually adjusted using two touch points on the top. The SMASH thus provides either a cosy atmosphere or bright living room lighting and creates a pleasant ambience that invites you to linger and relax. The pendant light measures 100x12 cm and can be adjusted in height from 95 to 150 cm depending on the intended use. The simple choice of colours and materials in matt black means that the pendant can be integrated into a variety of furnishing styles. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
