The perfect lighting for modern and minimalist living spaces - PIVOT ceiling light. In an elegant and simple design with clear shapes, the luminaire provides decorative and functional lighting. Thanks to an integrated SWITCH dimmer, the brightness can be gradually dimmed from 100% to 50% or 25% using the conventional light switch. With the swivelling round light circle, the luminaire becomes a special lighting object that can be individually adjusted. The matt black metal design has a timeless look and perfectly complements modern room design. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
