Modern LED panels are some real “must-haves” and deliver efficient lighting results. The bright, atmospheric and glare-free lighting of the GAMMA luminaire is all-round contemporary and provides light for feeling good and working. As a small addition, the GAMMA panels can be dimmed via a remote control and their light colour can be varied continuously. Straight-lined and unobtrusive in its form, the luminaire in matt black adapts to many furnishing styles. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
