The illusion of flexibility! Thanks to its design, the SIGMA appears flexible but remains rigid, combining minimalist style with modern sophistication. Whether centrally in the living room, where it forms the centrepiece of the lighting, or in the hallway or bedroom - this ceiling light blends harmoniously into any room and ensures balanced light distribution. With its subtle matt white colouring, the panel focuses on simple elegance that blends harmoniously into any living style. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
