Simple design - practical functions! The modern ATRIA ceiling light impresses with its simple design and offers a wide range of possible applications. The light colour and light intensity of the luminaire can be easily adjusted using a remote control to create a completely individual lighting mood. When positioned correctly, the ceiling light becomes an absolute eye-catcher in any living space thanks to the eye-catching starlight cover. Thanks to the simple white design, the ceiling light blends easily into existing furnishing styles and can be combined with other colours. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
