The modern FRODO ceiling light impresses with its simple design, allowing the light to take centre stage. Thanks to the practical additional function and eye-catching starlight cover, the light becomes an eye-catcher in your living space and provides pleasant illumination. The light intensity and light colour can be infinitely adjusted using a remote control, so that the lighting mood can be determined individually. Thanks to the simple white colour scheme with a clear edge, the ceiling light harmonises with modern furnishing concepts and can be easily combined with other colours. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
