The KATO ceiling light impresses with its modern and simple design, which adapts wonderfully to different areas of application. In combination with the different light settings, the Starlight cover creates a harmonious atmosphere and effective illumination of your living space. The remote control can be used to dim the luminaire and adjust the light colour continuously between 3000 and 5500 Kelvin and activate the night light. The light also has a memory effect so that light scenarios set with the remote control are saved and the last selected setting is restored when the light is switched off and on using the wall switch. With a diameter of 60 cm, the KATO is a real eye-catcher in any living room. The KATO is deliberately kept in plain white, so that pleasant illumination is guaranteed and can be integrated wonderfully easily into existing colour concepts. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
