With its minimalist, curved design, the UMEA ceiling light is not only decoratively appealing, but also impresses with its wide range of functions. The included remote control allows the light intensity and light colour to be continuously adjusted, while the integrated fan can be switched separately in three speed levels. This multifunctional ceiling light ensures optimally balanced room air in both summer and winter. In addition, an integrated timer and the night light function round off the numerous features of the UMEA perfectly. In matt white, this decorative element blends harmoniously into any living environment. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
