2 in 1 - the HARSTAD ceiling light with integrated fan! The luminaire with its trendy starlight cover and crystal rim has a round look and is a real all-rounder. The luminaire can be dimmed and the light colour infinitely adjusted from 3000 - 6500 Kelvin using the included remote control to create the right lighting atmosphere in the room. The light also has a night light function, which can also be controlled using the remote control if required. The integrated fan has three speed settings, making it ideal for the office, bedroom or any living space where cool and refreshing air is required. But the HARSTAD also ensures ideal distribution of heated air during the cold season. The ceiling light is designed in a simple white colour with a transparent crystal edge, while the internal fan is finished in chrome. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
