Simply practical - the VISBY ceiling light with integrated fan! The luminaire with trendy starlight cover has a round look and is a real all-rounder, so that the right light can be provided depending on the mood. The light can be dimmed using the remote control and the light colour can be continuously adjusted from 3000 - 5500 Kelvin to create the right lighting atmosphere in the room. The luminaire also has a night light function, which can also be controlled via the remote control if required. The integrated fan has three speed settings, ensuring ideal distribution of the heated air even in the cold season. The practical ceiling light is therefore ideal for the office, bedroom or any living room where cool and refreshing air is required. Thanks to the simple white and chrome colour scheme, the ceiling light can be easily integrated into any modern furnishing style. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
