Ceiling light and fan in one! The modern HALMSTADT ceiling luminaire with integrated fan ensures a balancing distribution of the room air as well as optimal illumination in summer - but also in winter. With three speed levels, the fan ensures ideal air circulation. The light colour as well as the brightness of the luminaire can be continuously adjusted. In addition, the integrated night light function and the other features can be controlled individually via a remote control. Designed in black and white, the luminaire fits perfectly into existing interiors and provides a modern appearance. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
