The ACKBAR ceiling washlight focuses on cosiness and functionality. Create lighting accents that give your living room a cosy ambience. The round ceiling washlight in matt nickel is ideal for classically furnished living rooms. Ideally, the light should be positioned next to the sofa, as a flexible reading arm ensures the best possible lighting result in addition to the ceiling washlight as the main light source. This can be aligned in a targeted manner so that the desired light fall can be freely selected. The ceiling washlight and reading arm can be switched separately and emit a warm white light. The ceiling washlight is also equipped with a touch dimmer and ensures optimum lighting in different lighting conditions. Thanks to the timeless matt nickel colour, the light can be seamlessly integrated into all furnishing styles. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
