Flexibility and functionality are the main features of the SANCHEZ table lamp. The battery of the luminaire, which can be easily charged via the USB-C connection, allows flexible placement without cables wherever a cosy lighting atmosphere is needed. The luminaire has an RGB colour changer and an integrated dimmer that adjusts the light intensity to your needs. The infinitely variable adjustment of the light colour ensures an individual lighting atmosphere in your indoor or outdoor area. The simple design in anthracite with the white shade sets decorative accents with a feel-good character. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
