The NEVADA clamp light offers maximum flexibility and adapts to your needs. Thanks to its practical clamping mechanism, it can be easily attached to shelves, desks or other surfaces and positioned exactly where you need light. The flexible light arm enables targeted and precise lighting, perfect for concentrated work or relaxed reading. The integrated dimmer allows you to adjust the brightness individually, while the adjustable light colour creates the right atmosphere. The memory function saves the last selected setting so that your favourite lighting mood is automatically restored the next time you switch on the light. With the NEVADA clamp light, you always have the right light to hand. Its minimalist and modern design in matt white blends seamlessly into any interior. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
