Funktioner:

- Justerbar i højden
- Loftsmontering
- IP20
- ekskl. lyskilde

Natural materials are absolutely on trend and create a cosy, inviting atmosphere in your home. Thanks to the sisal and bamboo materials, the WILMA pendant light lends your living space a special character. Placed in the centre of the dining area above the dining table, the six-light pendant light is particularly effective and creates a pleasant lighting atmosphere. The sisal-covered cables are wrapped around a bamboo strip at different heights and can be adjusted as required. The design in brown, consisting of the natural materials sisal and bamboo, blends in perfectly with modern furnishing styles, where it becomes a real eye-catcher. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.

Farve og materiale:

Farve: Brun
