excl. 1x E27 · max. 28W

Funktioner:

- Justerbar i højden
- Loftsmontering
- IP20
- ekskl. lyskilde

Glass lights - a timeless trend. Glass is not only a visual highlight, it also offers a wide range of combination options and creates a pleasant atmosphere. The modern combination with metal makes the luminaire a real eye-catcher. The ALDO pendant light is the ideal choice for lighting living spaces and is guaranteed to create the right lighting mood. Thanks to the colour scheme in antique brass and a glass shade in amber, the pendant light blends in perfectly with existing colour schemes. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
