The unusual LEAVY ceiling light impresses with its large number of plastic leaves. This makes the light a highlight on your ceiling. An enchanting lighting object for living areas whose style can be categorised assigned to Young Living. The white plastic leaves and the chrome-coloured canopy can be combined with other different colour concepts, making it wonderfully easy to integrate into your home. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
