The PETTY pendant light impresses with plenty of glitter and glamour, making it a great eye-catcher for living or dining rooms. The extravagant lamp consists of glittering plastic pendants in which the light refracts wonderfully and casts fascinating shadows. The diameter is 35 cm. The pendant light is designed in chrome-coloured metal. The glittering acrylic stones give the light a glamorous style and sparkle through the light in the centre. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
