Two oval shapes form the basis of the LANE ceiling light. The movable elements and the option of adjusting the brightness from 100% to 50% and 25%, made possible by the conventional light switch, create atmospheric lighting effects on your ceiling with a personalised charm. The unusual design in chrome and with crystal cover also creates an eye-catching feature in your living room. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
