

Gulvlampe

DITO – R46155032

excl. 5x E14 · max. 10W

Funktioner:

- IP20
- ekskl. lyskilde
- Kontakt

A sophisticated eye-catcher - DITO floor lamp in an unusual five-fingers design. Floor lamps are ideal as a supporting light source and as an additional decorative element. Placed slightly to the side in the reading corner, behind the armchair or sofa, the lamp provides a pleasant light for relaxing and lingering. Thanks to the additional swivelling shades, your reading corner is equipped with good and flexible lighting, so that nothing stands in the way of your time out. The special design, in combination with the simple matt black colour scheme, results in an original and modern light. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
