The RECIFE floor lamp not only creates a cosy atmosphere with its warm light, but is also a decorative home accessory during the day. Its curved arm makes it possible to illuminate a desired spot in your living room without taking up too much space. For example, you can place the light next to your sofa to create a cosy atmosphere. It is 155 cm high and 25 cm wide. The light is finished in a matt black and the inside of the shade in a chic gold colour. The combination of colours creates a design element that lends clarity and elegance to modern living spaces. With the right amount of colour, it looks sophisticated and modern or timeless, fresh and natural. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
