The PING table lamp is particularly characterised by its modern, linear and angular design. It serves as a beautiful accessory on shelves, chests of drawers and small tables, as well as a necessary light source in the workplace. The light also has a practical cord switch with which you can switch the light on and off. The beige fabric shade and cream-coloured ceramic base make the PING particularly suitable for rooms with an industrial look. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.
