The SALLY table lamp impresses with its adjustable flexible neck, which provides excellent light guidance on a desk or bedside cabinet, for example. The practical 5-stage touch dimmer, which can be used to reduce and increase the brightness, is also impressive across the board. The integrated timer function allows the table lamp to switch off automatically after 45 minutes. As the focus of the luminaire is on functionality, the colour black matches the simple design of the luminaire. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
