ACOUSTIC PANELS

FIBROTECH

STONE PANELS

The STONE series offers acoustic panels with various looks, providing a unique "stone-look." Available in four variants, each with a distinct appearance.

They feature a 9 mm MDF core and a slightly narrower profile than the PREMIUM series.

STONE Concrete, Rusty, and Pattern can be installed in any room except wet rooms or areas in contact with water.

STONE White Marble, on the other hand, can be installed in rooms with humidity below 55 gr. The surface is laminated with Marble White on three sides, making it

suitable for bathrooms and other areas requiring frequent wiping but not in direct contact with water.

STONE series panels measure 18x520x2440 mm.

DB no.	Product and color	Dimensions	m ² /panel	Quantity per pallet	Weight per panel
2378304	Stone Acoustic Panel / Rusty Stone	18x520x2440 mm	1,27	45 pcs.	10,4 kg.
2378305	Stone Acoustic Panel / Concrete Stone	18x520x2440 mm	1,27	45 pcs.	10,4 kg.
2378306	Stone Acoustic Panel / Pattern Stone	18x520x2440 mm	1,27	45 pcs.	10,4 kg.
